

Citizen's/Client's Charter for Soil and Land Use Survey of India

Citizen's/Client's Charter
for
Soil and Land Use Survey of India
(2021-2022)

Address: IARI Campus, Pusa, New Delhi-110012

Website: [https:// slusi.dacnet.nic.in](https://slusi.dacnet.nic.in)

Date of Issue: January 2022

Citizen's/Client's Charter for Soil and Land Use Survey of India

1) VISION

The Soil and Land Use Survey of India (SLUSI) is mandated to conduct various types of soil survey on different scales in order to provide soil and land use data for developmental programmes encompassing soil and water conservation planning for watershed management, Scientific Land use planning on sustainable basis.

2) MISSION

To study and generate Soil and Land Resources data at different intensities with present land use as well as limitation and potential of soil for sustainable agriculture development and natural resources management.

3) ACTIVITIES

The major activities of the organization are as under.

- Detailed Soil Survey (DSS) using real time remote sensing data to generate detailed scientific database on Soil and Land characteristics for planning and implementation of various programmes on soil and water conservation and soil health management.
- Technical Support Group (TSG) for providing support to National Mission for Sustainable Agriculture (NMSA).
- Monitoring and evaluation of various developmental projects under NMSA and other national programmes (Soil Health Card / PMKSY).
- Development of Management Information System (MIS) for knowledge networking and monitoring.
- Establishment of Nodal Soil laboratory for analysis/quality checking of soil analysis of other soil laboratories.
- Preparation of Soil Fertility Maps of villages in Aspirational districts of the country under Krishi Kalyan Abhiyan.
- To conduct trainings for capacity building for officers of state government departments.
- Consultancy /collaborative projects with central/state government departments, research institutes, universities for research/other academic activities.
- Development and promotion of space borne remote sensing techniques for application in mapping and monitoring of soils, land use, land degradation and wastelands etc.

5) SERVICES STANDARDS

Sl No.	Service/Transaction	Weight	Success Indicators	Service Standards	Unit	Weight	Data Source
1	To conduct Detailed Soil Survey and mapping work in aspirational districts for soil health management and conduct Soil Resource Mapping	40	Time taken for completion of survey work in all respect	As per guidelines of Soil Survey manual	Days	40	Deptt. Record
2	Providing data to user agencies	05	Average waiting time to respond after the request reached the office	3-5 working days	day	05	Deptt. Record
3	Preparation of Soil Fertility maps of villages in Aspirational districts of the country under Krishi Kalyan Abhiyan	25	Time taken to complete assigned work in all respect	1 working days per village	day	25	Deptt. Record
	Seamless data generation of Rapid Reconnaissance Survey (RRS)	10	Time taken to complete assigned work in all respect	1 working day per report	day	10	Deptt. Record
4	Short course / training for capacity building	05	Number of trainings conducted per year	7 trainings /year	No.	05	Deptt. Record
5.	Monitoring of Model village programs under Soil Health Card Scheme	05	Time taken to complete assigned work in all respect	As per the direction of Ministry of Agriculture & Farmers Welfare	Monthly basis	05	Deptt. Record
6.	Administrative Reform	05	Measures for transparency in system	Time taken for disposal of claims	Days	05	Deptt. Record
7.	Detailed Soil Database generation for preparation of crop plan under command area of completed projects and Monitoring and Collating the information on 99 projects of AIBP under PMKSY	05	Time taken to complete assigned work in all respect	As per the direction of Ministry of Agriculture & Farmers Welfare	Monthly basis	05	Deptt. Record

Citizen's/Client's Charter for Soil and Land Use Survey of India

9) INDICATIVE EXPECTATIONS FROM SERVICE RECIPIENTS

Sr. No	Indicative Expectations from Service Recipients
1	Visit the website i.e https://slusi.dacnet.nic.in before requesting for specific programmes/ Survey / Watershed/Microwatershed related information before making queries or requests.
2	Suggestions should be sent to the Head Quarter or concerned centre who would take up the matter.
3	Submission of Complete application
4	Timely respond to deficiencies in the application forms
5	The proposals from the State Governments and the Divisions should be complete in all respect
6	Awareness about Watershed Atlas of India
6	Awareness about Soil and Water conservation with respect to Microwatershed (s)
7	Awareness about nutrients in Soil

10) MONTH AND YEAR FOR NEXT REVIEW OF THE CHARTER

Next Charter review date: After six month
